

Wild@Heart

I'm Not Lion
We are Bearly Makin It
U Bug Me
Will U Be My Ex
I Love Birding U,
Adieu
and a
Hearty Good Bye

Wink Wink
Nudge nudge
I've got a
Crush on U

Don't worry
I'm easy
Love unrequited
Works, too!

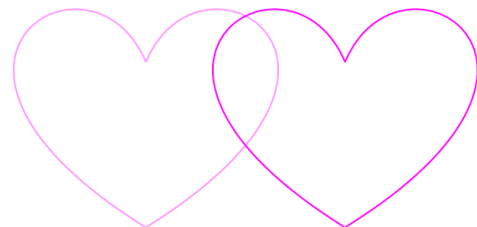

my funny valentine

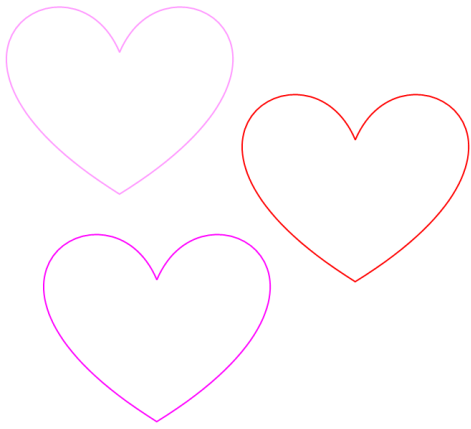

Wink Wink
you think
the world is on its
utter brink.

Nudge, nudge
It's not all drudge
I say that love will
Never budge.

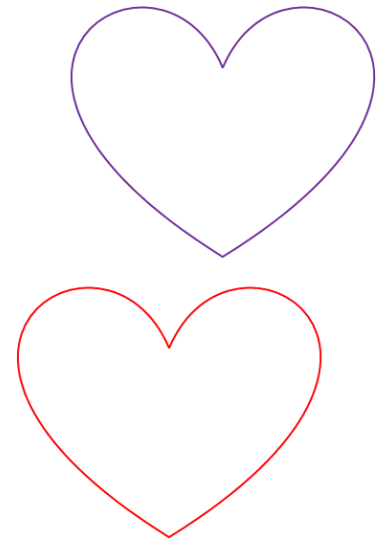

Connection, Kindness,
efforting will
walk us through this
beastly dark.

Hold your face up to
the light
and listen for the faint
Skylark.

You & Me
didn't use to be
a reality.
We were apart,
separate
single & solitary.
Confined
to our own
paths,
never to cross,
alas.

Then the day came
when I learned
your name
and
over time
it became
my favorite word.
It rings out
each night
under stars, bright
and clear
like a bell that
whispers
“Here.”
